A. Compliance with Laws and Regulations.

This grant contract is governed by and shall be interpreted in accordance with the laws of the State of California. Grantee shall at all times comply with all applicable federal and state laws, rules, and regulations, and all applicable local ordinances, specifically including, but not limited to, environmental, procurement and safety laws, rules, regulations, and ordinances.

B. Fulfillment of Assurances and Declarations.

Grantee shall fulfill all assurances, declarations, representations, and statements made by the Grantee in the grant application, documents, amendments, and communications filed in support of its request for grant funds including adoption of a Board approved staffing plan for staffing and operating the facility in accordance with state standards within 90 days of construction completion.

F. Prime and Subcontracting Requirements.

In accordance with the provisions of this grant contract, the Grantee may contract with public or private contractors of services for activities necessary for the completion of the project. Grantee agrees that in the event of an inconsistency between the grant contract, its Exhibits and Grantee's Agreement for Construction with a contractor, the grant contract and its Exhibits will prevail. Grantee shall ensure that the contractor complies with all requirements of the grant contract and all instructions of the County Construction Administrator regarding compliance with the grant contract.

Grantee assures that for any contract awarded by the Grantee, such insurance (e.g., fire and extended coverage, workers' compensation, public liability and property damage, and "all-risk" coverage) as is customary and appropriate will be obtained.

The Grantee shall require the contractor to post payment and performance bonds, each of which shall be in an amount not less than 100 percent (100%) of the contract price, if the contract amount is equal to or in excess of the amount for which payment and performance bonds are required by law and ordinance.

Certain changes to the project and/or in the Grantee's Agreement for Construction with a contractor are subject to approval by the Board. Minor modifications to the project do not require Board approval but must be documented and reported on routine progress reports to the Board. The following changes require prior written approval of the Board:

Adequate supporting documentation shall be maintained in such detail so as to permit tracing transactions from the invoices, to the financial statement, to the accounting records, and to the supporting documentation. These records shall be maintained for a minimum of three years after acceptance of the final (grant project) audit under the grant contract, and shall be subject to examination and/or audit by the Board or designees, state government auditors or designees, or by federal government auditors or designees.

Further, the Grantee agrees to include a similar right of the state to audit records and interview staff in any subcontract related to the performance of this grant contract.

3. Nondiscrimination.

See Exhibit C. (10).

4. Access.

Permit the Board, or its authorized agents, to have access to the project staff and facilities whenever project activities are in progress

and ensure that the contractor(s) will provide proper facilities for access, monitoring, and inspection.

5. Contractor Advisement.

Be advised that the primary source of funding for the Agreement for Construction is the state grant, and that the county may not have funds to finance the Agreement for Construction independently of the state grant. The contractor shall in all ways cooperate with the county and the Board in maintaining a good working relationship. The contractor shall cooperate as instructed by the County Construction Administrator in resolving any disputes arising under the grant.

G. Award of Contracts to Other Parties.

Promptly, upon awarding of a contract to a public or private contractor, the Grantee shall advise the Board of the award and shall supply at a minimum such information or documentation relevant to this project as may be required by the Board.

ARTICLE 6. FLOOD INSURANCE

Grantee shall acquire and maintain any flood insurance made available to it under the Flood Disaster Protection Act of 1973. The insurance shall be in an amount at least equal to the total eligible project costs, excluding cost of land and uninsurable improvements, or to the maximum limit of coverage made available under the Flood Disaster Protection Act of 1973, whichever is less, for the entire useful life of the project. This condition shall not be applicable if, on the date of execution of the grant contract by both parties, flood insurance was not available pursuant to the Flood Disaster Protection Act of 1973 for property in the project location. This condition shall not be applicable if the project location is outside the boundaries of a special flood hazard area delineated on a Flood Hazard Boundary Map or Flood Insurance Rate Map which has been issued by the Department of Housing and Urban Development, Federal Insurance Administration. This condition shall not be applicable if the total value of improvements insurable under the Flood Disaster Protection Act of 1973 is less than \$10,000.

ARTICLE 7. RECORDS

The Grantee shall establish an official file for the project. The file shall contain adequate documentation of all actions that have been taken with respect to the project, in accordance with generally accepted government accounting principles.

The Grantee shall establish separate accounting records for receipt, deposit, and disbursement of all project funds as specified in Article 13.

The Grantee shall maintain books, records, documents, and other evidence sufficient to reflect properly the amount, receipt, and disposition of all project funds, including Board-grant funds and any matching funds by the Grantee and the total cost of the project. The maintenance requirements extend to books of original entry, source documents supporting accounting transactions, the general ledger, subsidiary ledgers, personnel and payroll records, canceled checks, and related documents and records. Source documents include copies of all awards, applications, and required financial and narrative reports. Personnel and payroll records shall include the time and attendance reports for all individuals reimbursed under the award, whether they are employed full-time or part-time. Time and effort reports are also required for consultants and contractors. Supporting documentation for matching funds, goods or services shall, at a minimum, include the source of the match, the basis upon which the value of the match was calculated, and when the matching funds, goods, or services were provided. Receipts, signed by the recipient of donated goods and/or services should be issued and a copy retained. Generally accepted government accounting principles and adequate supporting documentation shall be maintained in such detail so as to provide an audit trail which will permit tracing transactions from the invoices to the financial statement, to the accounting records, and to the supporting documentation for the purpose of determining compliance with PCC § 10115 et seq., GC § 8546.7 and 2 CCR § 1896.60 et seq.

Grantee agrees to protect records adequately from fire or other damage. When records are stored away from the Grantee's principal office, a written index of the location of records stored must be on hand and ready access must be assured. All Grantee records relevant to the project must be preserved a minimum of three years after acceptance of the final (grant project) audit, and shall be subject at all reasonable times to inspection, examination, monitoring, copying, excerpting, transcribing, and audit by the Board or designees, by state government auditors or designees, or by federal government auditors or designees. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the three-year period, the records must be retained until the completion of the action and resolution of all issues which arise from it or until the end of the regular three-year period, whichever is later.

ARTICLE 8. ACCOUNTING AND AUDIT REQUIREMENTS

All funds received by the Grantee shall be deposited into separate fund accounts which identify the funds and clearly show the manner of their disposition. Grantee agrees that the audit and accounting procedures shall be in accordance with generally accepted government accounting principles and practices (see *Accounting Standards and Procedures for Counties*, California State Controller, Division of Local Government Fiscal Affairs) and adequate supporting documentation shall be maintained in such

detail so as to provide an audit trail which will permit tracing transactions from support documentation to the accounting records to the financial reports and billings. The Grantee further agrees to the following audit requirements:

A. Federal Single Audit Act

If the Grantee expends \$300,000 or more in a year in federal funds, Grantee agrees to comply with the provisions pursuant to the Federal Office of Management and Budget Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations." Circular No. A-133 requires non-federal entities which meet the expenditure criteria to have either a single or program specific audit conducted for that expenditure year. Although non-federal entities that expend less than \$300,000 a year in federal awards are exempt from the federal audit requirements for that year, records must be available for review or audit by appropriate officials of the federal agency, pass-through entity, and General Accounting Office;

B. Pre-payment Audit

Prior to the deposit of grant funds into the separate account, the Board may require the Grantee to have a system audit performed by an auditor satisfactory to the Board to insure that the Grantee's accounting system meets generally accepted government accounting principles;

C. Interim Audit

The Board reserves the right to call for a program audit or a system audit at any time between the execution of this grant contract and the completion or termination of the project. At any time, the Board may disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action determined to be not in compliance with the terms and conditions of this grant contract, or take other remedies legally available; and,

D. Final Audit

Within 90 calendar days of the construction completion date, the Grantee must obtain and submit a final program audit to the Board (see *Grant Contract Administration and Audit Guide: Construction Grants Program*, Board of Corrections). The audit shall be prepared in accordance with generally accepted auditing standards and government auditing standards for financial and compliance audits. The audit may be performed by the Grantee subject to the terms hereinafter described, or the Grantee may hire, at county cost, an independent auditor to complete the final audit. Counties should obtain assurances that the personnel selected to perform the audit collectively have the necessary skills. It is important that a sound procurement practice be followed when contracting for audit services. Sound grant contract and approval procedures, including the monitoring of grant contract performance, should be in place. The objectives and scope of the audit should be made clear. In addition to price, other factors to be considered include: the responsiveness of the bidder to the request for proposal; the past experience of the bidder; availability

of bidder staff with professional qualifications and technical abilities; and whether the bidder organization participates in an external quality control review program. It should be noted that these steps are important whether the county is hiring auditors from an outside CPA firm or within its own internal auditing unit.

Since the audit function must maintain organization independence, the county financial officer for this project shall not perform audits of the grant contract-related activities. If the county internal auditor performs the audit, the auditor must be organizationally independent from the county's accounting and project management functions. Additionally, internal county auditors who report to the financial officer, or to whom the financial officer reports, shall not perform the audit. The person conducting the audit shall be a certified public accountant, unless a county auditor completes the audit. Failure to comply with these qualifications standards could result in the rejection of the audit report.

At any time, the Board may disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action determined to be not in compliance with the terms and conditions of this grant contract, or take other remedies legally available.

The Board reserves the right to have an audit conducted (at the Board's expense) at any time between execution of the grant contract up to and including the final audit of the Grantee's project.

ARTICLE 9. REPORTS

The Grantee agrees to submit quarterly fiscal invoices and progress/final reports in a format and on a timetable specified by the Board during the period of the grant contract. Reports are due to the Board even if grant funds are not expended or requested in the reporting period. Not submitting invoices and progress/final reports in a timely manner may result in grant disbursements being withheld. In addition, Grantee shall immediately advise the Board of any significant problems or changes arising during the course of the project.

Without limitation of the foregoing, the following reports are required:

A. Quarterly Fiscal Invoice and Progress/Final Report

The Grantee agrees to submit quarterly fiscal invoices and progress/final reports to the Board on the appropriate form provided to the Grantee during the term of this grant contract. The reports shall include, but not be limited to, project construction activities, change orders issued, problems identified, assistance needed, grant and match expenditures made, grant funds received, and grant funds requested.

The quarterly fiscal and progress/final report must be submitted within 45 calendar days after the end of the fiscal quarter. The due dates for the invoices and progress reports are no later than:

1 st Quarterly Period:	July-September	Due: November 15
2 nd Quarterly Period:	October-December	Due: February 15
3 rd Quarterly Period:	January-March	Due: May 15
4 th Quarterly Period:	April-June	Due: August 15

B. Final Fiscal Invoice and Project Summary

The Grantee agrees to submit to the Board a Final Fiscal Invoice and Project Summary on the appropriate form provided to the Grantee within 45 calendar days of the scheduled construction completion date identified in the grant contract. The report shall include, but not be limited to, total grant and match expenditures made by budget division, total grant funds received, remaining grant funds requested, number of rated beds added and modified, and a detailed description of the finished project including pre-construction and post-construction photographs or other visual material suitable for public distribution.

ARTICLE 10. DISCRIMINATION BY GRANTEE

See Exhibit C. (10).

ARTICLE 11. CHANGES

Grantee agrees that no substantial change or modification to the project will be permitted without prior written approval of the Board. Minor modifications to the project do not require Board approval, but must be documented and reported on routine progress reports to the Board. The following types of changes require written approval of the Board:

- A. Changes which affect the design or scope of the project.
- B. Changes which impact compliance with Titles 15, 19, and 24, CCR, or which affect security, fire and life safety of the facility.
- C. Changes which extend the project completion date, materially change the Agreement for Construction with the contractor, or change the total amount of the grant contract.
- D. Change in approved budget categories or Divisions, or movement of dollars between budget categories or Divisions as indicated in Exhibit B.

Grantee agrees that its County Construction Administrator will give prompt notification in writing to the Board of the above events and report any modifications to the Agreement for Construction with its contractor.

In no event shall any budget changes be authorized which would cause the total amount of the grant award to be exceeded.

ARTICLE 12. WITHHOLDING OF GRANT DISBURSEMENTS

A. The Board may withhold all or any portion of the grant funds provided for by this grant contract in the event that:

1. Grant Contract Violations

The Grantee has materially and substantially breached the terms and conditions of this grant contract.

2. Insufficient County Funds

The Grantee is unable to demonstrate, to the satisfaction of the Board's Executive Director, continuous availability of sufficient funds to complete the project.

3. Insufficient Match Disbursement

The Grantee has not expended its cash hard match requirement on a schedule that is at least pro-rata with the percentage expenditure of grant funds and/or according to the schedule as identified in Exhibit B.

B. At such time as the balance of state funds allocated to the County reaches 20 percent (20%), the Board shall withhold that amount as security, to be released to the Grantee upon complying with all grant provisions, including: 1) staffing and operating the facility within 90 days of project completion consistent with Title 15, CCR; 2) receipt and approval of the final audit and final project summary report; and 3) final construction inspection and approval by appropriate officials.

C. In the event that grant funds are withheld from the Grantee, the Board's Executive Director or designee shall notify the Grantee of the reasons for withholding and advise the Grantee of the time within which the Grantee may remedy the failure or violation leading to the withholding.

The Board will not reimburse counties for costs identified as ineligible for grant funding. If grant funds have been provided for costs subsequently discovered to be ineligible, the Board may either withhold an equal amount from subsequent payments to the Grantee or require repayment of an equal amount to the state by the Grantee. Any grant funds so remitted to the Board may be subject to interest equal to the rate earned by the State Pooled Money Investment Account.

ARTICLE 13. DISBURSEMENT

The Grantee shall be paid in arrears on invoices of expenditures and request for grant funds submitted to the Board on a quarterly basis on the Quarterly Fiscal Invoice and Progress/Final Report. The Grantee shall supply the Board with the appropriate expenditure documentation and request for grant funds on form(s) provided by the Board and certify to the accuracy of the report(s) in accordance with generally accepted governmental accounting principles and Board regulations, guidelines, policies, and procedures. The Grantee shall further certify that all listed expenditures are actual and that all funds were expended for the purpose of liquidating obligations identified in Exhibit B and legally incurred.

The state will normally issue a warrant for eligible grant contract funds within 20 days of receipt of county invoice and documentation of eligible grant contract expenditures. All requests for payment shall be accompanied by any documentation as may be required by the Board and with such certification(s) as may be required by the Board.

ARTICLE 14. TERMINATION

- A. This grant contract may be terminated at any time by the Board, at its option, where it appears that there will be lack of grant funds available to fulfill this grant contract, provided that after such termination, the Grantee shall be entitled to an amount which equals the eligible project costs which have been incurred by the Grantee prior to such termination.
- B. This grant contract may be terminated after the award of the grant contract(s) but prior to completion of the project, by the Board, upon action or inaction by the Grantee which constitutes a material and substantial breach of this grant contract. Such action or inaction by the Grantee includes but is not limited to:
 - 1. Substantial alteration of the scope of the grant project without the prior written approval of the Board.
 - 2. Refusal or inability to complete the grant project in a manner consistent with the grant application, timelines, benchmarks, plans, and specifications as approved by the Board, or refusal or inability to comply with the applicable provisions of Titles 15, 19, or 24, CCR.
 - 3. Failure to provide the required local cash (hard) match share of the total project costs pro-rata with the percentage expenditure of grant funds, failure to provide the required in-kind (soft) match share of total project costs; and/or failure to adhere to the cash (hard) match expenditure schedule identified in Exhibit B.
 - 4. Failure to meet prescribed assurances, commitments, grant contract, record accounting and auditing, and reporting requirements.
 - 5. Any other violation(s) of the grant contract which significantly impairs the security of the grant funds, or, the ability of the Grantee

to utilize the funds for the intended and authorized purpose as identified in Exhibit B.

- C. In the event of termination provided in Article 14 B, Grantee shall, upon notification, refund to the Board an amount up to all grant funds previously disbursed to the Grantee. Any grant funds so remitted to the Board may be subject to interest equal to the rate earned by the State Pooled Money Investment Account.

Prior to terminating any grant contract under the provisions of Article 14 B, the Board shall provide the Grantee at least 30 days written notice, stating the reason(s) for termination and effective date thereof. The Grantee may appeal the termination decision in accordance with Article 15.

- D. Nothing in this Article in any way alters or limits the authority of the Board to withhold grant funds in accordance with Article 12.

ARTICLE 15. DISPUTES

Grantee shall continue with the responsibilities under this grant contract during any disputes. Except as otherwise provided in this grant contract, any dispute concerning a question of fact arising under, or relating to, the performance of this grant contract which is not resolved by agreement between Grantee and Board staff shall be decided by the Board. This clause does not preclude consideration of legal questions; nothing in this grant contract shall be construed as making final the decision of any administrative official, representative, or Board on a question of law.

A Grantee may appeal on the basis of alleged misapplication, capricious enforcement of regulations, or substantial differences of opinion as may occur concerning the proper application of regulations or procedures. Such appeal shall be filed within 30 calendar days of the notification of the action with which the Grantee is dissatisfied. The request shall be in writing stating the basis for the dissatisfaction and the action being requested of the Board.

A hearing shall be conducted by a hearing panel designated by the Chairperson of the Board at a reasonable time, date, and place, but not later than 21 days after the filing of the request for hearing with the Board, unless delayed for good cause. The Board shall mail or deliver to the appellant or authorized representative a written notice of the time and place of hearing not less than 14 days prior to the hearing. The procedural time requirements may be waived with mutual written consent of the parties involved.

Appeal hearing matters shall be set for hearing, heard, and disposed of by a notice of decision by the Board within 90 days from the date of the request for appeal hearing, except in those cases where the appellant withdraws or abandons the request for hearing or the matter is continued for what is determined by the hearing panel to be good cause.

An appellant may waive a personal hearing before the hearing panel and under such circumstances, the hearing panel shall consider the written information submitted by the appellant and other relevant information as may be deemed appropriate.

The hearing is not formal in nature. Pertinent and relevant information, whether written or oral, will be accepted. Hearings will be tape recorded. After the hearing has been completed, the hearing panel shall submit an advisory recommendation on the matter to the Board. The decision of the Board shall be final.

ARTICLE 16. REMEDIES

Grantee agrees that any remedy provided in this grant contract is in addition to and not in derogation of any other legal or equitable remedy available to the Board as a result of breach of this grant contract by the Grantee, whether such breach occurs before or after completion of the project. In the event of litigation between the parties hereto arising from this grant contract, it is agreed that the prevailing party shall be entitled to such reasonable costs and/or attorney fees as may be ordered within the discretion of the Court.

ARTICLE 17. WAIVER

The parties hereto may, from time to time, waive any of their rights under this grant contract unless such waiver is contrary to law, provided that any such waiver shall be in writing and signed by the party making such waiver.

ARTICLE 18. AMENDMENT

This grant contract may be amended at any time by mutual written agreement of the parties.

ARTICLE 19. DRUG-FREE WORKPLACE REQUIREMENTS

Grantee will comply with the requirements of the Drug-Free Workplace Act of 1990 and will provide a drug-free workplace by taking the following actions:

- A. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations.
- B. Establish a Drug-Free Awareness Program to inform employees about:
 - 1. the dangers of drug abuse in the workplace;
 - 2. the person's or organization's policy of maintaining a drug-free workplace;
 - 3. any available counseling, rehabilitation and employee assistance programs; and
 - 4. penalties that may be imposed upon employees for drug abuse violations.

C. Provide that every employee who works on the proposed project will:

1. receive a copy of the company's drug-free policy statement; and
2. agree to abide by the terms of the company's statement as a condition of employment on the project.

Failure to comply with these requirements may result in suspension of payments under the Standard Agreement or termination of the Standard Agreement, or both, and Grantee may be ineligible for award of any future state agreements if the department determines that any of the following has occurred: (1) the Grantee has made false certification, or (2) violated the certification by failing to carry out the requirements as noted above. (GC 8350 et seq.)

ARTICLE 20. AMERICANS WITH DISABILITIES ACT

Grantee assures the state that it complies with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. (42 U.S.C. 12101 et. seq.)

EXHIBIT C

GENERAL TERMS AND CONDITIONS

1. **APPROVAL**: This Agreement is of no force or effect until signed by both parties and approved by the Department of General Services, if required. Grantee may not commence performance until such approval has been obtained.
2. **AMENDMENT**: No amendment or variation of the terms of this Agreement shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or Agreement not incorporated in the Agreement is binding on any of the parties.
3. **ASSIGNMENT**: This Agreement is not assignable by the Grantee, either in whole or in part, without the consent of the State in the form of a formal written amendment.
4. **AUDIT**: Grantee agrees that the awarding department, the Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. Grantee agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated. Grantee agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Grantee agrees to include a similar right of the State to audit records and interview staff in any subcontract related to performance of this Agreement. (GC 8546.7, PCC 10115 et seq., CCR Title 2, Section 1896).
